About NantHealth

NantHealth is a transformational healthcare IT company converging science and technology through a single integrated clinical platform, to provide actionable health information at the point of care, in the time of need, anywhere, anytime. NantHealth works to transform clinical delivery with actionable clinical intelligence at the moment of decision, enabling clinical discovery through real-time machine learning systems. The company's technology empowers physicians, patients, payers and researchers to transcend genomics into the world of proteomics and the traditional barriers of today's healthcare system. By converging molecular science, computer science and big data technology the Nant Service Oriented Operating System (NantOS) platform empowers physicians, patients and payers to coordinate best care, monitor outcomes and control cost in real time. This is the first operating system of its kind in healthcare that is based on supply chain principles and grid service oriented architecture and integrates the knowledge base with the delivery system and the payment system, enabling 21st century coordinated care at a lower cost.
